From the Clerk

Referred to Committee of the Whole with Pending Amendments.

File 549-81-2

(July 12, 1982 - Consideration continued to recessed meeting of January 3, 1983, 3:00 p.m., with pending amendments, as follows:

Supervisor Renne, seconded by Supervisor Molinari, moved to refer with pending amendments to the Board of Supervisors sitting as a Committee of the Whole with direction to the Chair not to calendar until instructed so to do by a majority of the Board of Supervisors.

Explanation of Vote

Supervisor Kopp requested that the Journal of Proceedings reflect that he would vote for this motion because in effect it is a motion to table, and that he found it regrettable that the City has wasted probably close to a million dollars on lawyers' fees, consultants' fees and other expenses for an idea, a concept which is simply wrong in terms of good public policy for San Francisco. The Supervisor requested that the Budget Analyst obtain a true compilation of all the money which has been spent on this matter by parties, including the amount spent on outside lawyers and consultants, and that the results of that summary, which follows, be included in the Journal of Proceedings.

Statements of Supervisors Renne and Kopp

Supervisor Renne then requested that the Journal of Proceedings reflect her following remarks: "That it has cost the City and County of San Francisco to proceed with an earlier tax package, 'the Alphabet Soup package', as some call it. Some of us had moved forward in attempting to implement these measures. Others have consistently opposed each and everyone of these measures.

"The question I would like to ask is if we all had taken a negative attitude and not proceeded with any of these measures, would the City and County of San Francisco be in the unique surplus position that it is today. The answer is clearly 'no'. Sometimes you have to spend a little money to put yourself in some good financial posture and that is precisely what has happened in this case. We have been extraordinarily fortunate."

Supervisor Kopp then requested that the Journal of Proceedings reflect this further statement: "The thought that you have to spend money from the pockets of people trying to earn a living and provide economic strength to this City, is totally repugnant to me, and, I believe to a majority of San Franciscans. In fact, it's one of the most preposterous of ideas.

"The fact is that over a million dollars has been wasted on this most fanciful of ideas on how to go about not only suppressing economic development in San Francisco and taking some more money out of the pockets of people who pay taxes and build jobs in this City. And I am glad to see a burial today of the Transit Core Assessment District, which was not only inappropriate, but absolutely foolish, as well as being illegal. And I would be pressing it for a vote as quickly as possible to terminate the rest of the foolishness, which is the Transit Development Fee, that, unless repealed by this Board, is likely to result in a waste of over another million dollars, including exposure of the City's tax payers to attorneys' fees and litigation expenses to the successful litigants."

Motion to Table

Monday, January 3, 1983

Supervisor Dolson, seconded by Supervisor Nelder, thereupon moved to table.

Motion to table failed adoption by the following vote:

Ayes: Supervisors Dolson, Kopp, Nelder - 3.

Noes: Supervisors Britt, Hongisto, Kennedy, Molinari, Renne, Silver, Walker, Ward - 8.

The roll was then taken on the pending motion to refer to the Board of Supervisors sitting as a Committee of the Whole and it was adopted by the following vote:

Ayes: Supervisors Britt, Dolson, Hongisto, Kennedy, Kopp, Molinari, Nelder, Renne, Silver, Walker, Ward - 11.

Administration of Oaths

President Kopp introduced the Honorable Ira A. Brown, Jr., Presiding Judge of the Superior Court, and announced that Judge Brown would administer the oath of office. Thereupon, the President requested the re-elected and newly elected members of the Board to come forward to the rostrum, where the oath would be administered en masse.

Judge Brown administered the oath of office to the following members of the Board of Supervisors:

Richard D. Hongisto, Bill Maher, Wendy Nelder, Nancy G. Walker, Doris M. Ward.

Remarks by Retiring President Quentin L. Kopp

President Kopp congratulated the newly installed Supervisors, thanked Judge Brown, and welcomed the new President of the Board.

Monday, January 10, 1983

As retiring President, Supervisor Kopp noted that 1982 had been a year full of events of great interest and happy significance in terms of the history of San Francisco, and further noted that during the six months he had served as President, the existence of an immense surplus of taxpayers' money was established, the Utility Users Tax on residential ratepayers was abolished, more small businesses were exempted from the Payroll Expense Tax, some parking fines were reduced, an increase in the Parking Tax was avoided and Super Bowl XIX was brought to San Francisco. Supervisor Kopp stated that he had tried to provide a fair and balanced administration and that, in his estimation, debate had been orderly and fair.

Supervisor Kopp expressed his appreciation to his colleagues, his staff, the clerks and other members of the staff of the Board of Supervisors, the Clerk of the Board and the Budget Analyst for the help extended to him during his term as President, and thanked the voters of San Francisco for their conviction about the top vote-getter tradition.

Installation of President Wendy Nelder

The outgoing President, Quentin L. Kopp, requested that Supervisors Molinari and Renne escort the newly elected President to the rostrum.

President Nelder, upon assuming the Chair, made brief remarks and introduced the members of her family present in the audience today.

Remarks by Mayor

President Nelder introduced and welcomed Mayor Dianne Feinstein who welcomed the new member of the Board, congratulated the continuing members of the Board, and presented brief remarks pledging full support for the new Board.

REPORTS OF COMMITTEES

Recommendation of Rules and Legislation Committee

Adopted

[Recall]

Resolution expressing the belief that the petition to recall the Honorable Dianne Feinstein because of her support of handgun legislation is unwarranted. (Supervisor Nelder presented as recommendation of Rules and Regulation Committee.) Adopted.

File 107-83, Resolution No. 86-83

Supervisor Nelder presented as a recommendation of Committee.

Supervisor Kopp requested that the following statement be included in the Journal of Proceedings.

Statement of Quentin L. Kopp

"We are asked to adopt a resolution opposing an election to recall the Mayor. I am pleased to note at the outset that this resolution has been materially cleaned up since its inception. I compliment all of you for that, but to me it remains unacceptable because its adoption would be fundamentally wrong.

"There seem to be three arguments advanced on behalf of this resolution:

"First, that a recall would expose the rest of us to the exercise by the voters of their rights under the California Constitution and the City Charter. We are, of course, exposed to these procedures, and that is as it should be. I cannot join in suggesting that this Board seek to insulate elected officials generally from the exercise by the voters of their fundamental rights.

Monday, January 31, 1983

"Second, it has been suggested that recall elections cost money. Of course they do. Democracy has costs as well as benefits, and I have never considered the exercise of democracy a waste of the taxpayer's money. I am not going to take such a position now. Although it is unfortunate that expenses would be incurred when a regular election is available in November, the petitioners are exercising a process legitimately available to them. The wiser process may be to wait until November, so as to avoid costs. However, some 35,000 voting residents have elected to do otherwise, and elected officials, in respect for the same process, need to allow it to run its course. They, like the voters, in the process of checks and balances, must respect available avenues of expression.

"Third, the resolution purports to state a fact with which it is not my place as a Board member either to agree or disagree, namely, that nothing the Mayor has done amounts to grounds for recall. By whose standards is that to be judged? Certainly not by mine, or by those of the Board as a whole. If I were to agree officially with the statements in this resolution, it would be used by some to beat still more upon those who initiated the petition for an election. The law is quite clear that the voters are to be free to set the standards by which any recall is to be judged. The law contains no limitation on the reasons for a recall or the time, except for barring one within six months after an elected official takes office. Whatever my personal views, I am not willing to undermine that right of the voters, and I do not think the Board as a whole should do so.

"I take no pleasure in anyone's distress. If the Mayor of our City is in distress, I find that regrettable and unfortunate, but that is not a reason to depart from settled constitutional principles.

"There can be no higher good for elected officials in the conduct of their office than adherence to the Constitution and the laws; and surely, the very heart of our system is the right of voters peacefully, legally and non-violently to express themselves without being beat upon by some in the media or by us. The safeguards against recalls built into the Charter by the great deal of work required to bring one about have been wholly ignored. Instead, the reported initiators of the measure have been subjected to a massive barrage of what can only be characterized as 'red baiting,' not to mention the spectacle of a legislator running off to Sacramento to try unconstitutionally to change the rules in the middle of the game. This circus is supposed to be helpful to the Mayor, to us, and to respect for government? I cannot disregard the cloud which all of this hysteria has caused over any action we now take.

"It was only a little over three decades ago that Mr. Justice William O. Douglas, in Terminello V. Chicago (1949) 337 U.S. 1, wrote:

'A function of free speech under our system of government is invite dispute. It may indeed best to serve its high purpose when it induces a condition of unrest, creates dissatisfaction with conditions as they are, or even stirs people to anger.' (emphasis added)

"The simple fact is that there will be a recall election if the legal requirements are met. I will not second guess the wisdom of the framers of our State Constitution and our Charter, and I doubt that it is in the interest of this City (or the Mayor, for that matter) that any supervisor do so.

Monday, January 31, 1983

"My vote is not an expression of approval or disapproval of the merits of the recall election. The people of San Francisco do not need me or any other member of the Board of Supervisors to guide them in deciding that issue, and it is wrong for the Board to dictate what some members perceive to be 'good sense' to an electorate which has performed no illegal acts, but rather, has followed the Constitution, the State Elections Code and the City Charter.

"I shall have no further comment."

The roll was thereupon taken on the pending resolution and it was adopted by the following vote:

Ayes: Supervisors Britt, Hongisto, Kennedy, Maher, Molinari, Nelder, Renne, Silver, Walker, Ward - 10.

Noes: Supervisor Kopp - 1.

File 188-83, By Supervisor Nelder: To consider restoration and maintenance of the ornamental entrance gate posts at Hemway Terrace by the Department of Public Works because of their historic significance, visual interest and the added lighting they provide to the neighborhood. Referred to Public Works Committee.

Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Silver, that City Attorney be asked to prepare legislation to require that a special election be joined with the next ensuing general election where the general election will occur within nine months of the special election.

By Supervisor Molinari, that letter be sent to the Chief of Police, inquiring as to how many citations by month have been issued for violations of the bicycle messenger ordinance since this legislation was passed by the Board. The Supervisor also requests information whether the provisions of the ordinance were bulletined to all units in the department, including the solo motorcycle division, as the Supervisor had observed two cyclists run through a red light while motorcycle officers were sitting nearby.

By Supervisor Nelder, that letter be sent to the Department of Public Works, inquiring as to when a survey will be conducted with regard to extending Preferential Parking Permit Area J in the U.C. Medical Center area to include, but not be limited to, 7th Avenue on the west, Kirkham on the south, Lincoln on the north, and Arguello Boulevard on the east. The Supervisor wished it noted that mechanical street cleaning has just been established in this area, creating an even more critical parking problem for the residents.

By Supervisor Kennedy, that letter of inquiry be issued to the City Attorney and the Public Utilities Commission to ascertain what steps have been taken to implement Proposition N of the June 1982 election, a declaration of policy relating to opposition of PG&E rate increases and roll-back of rates to December 1, 1981, and what has been done to ensure that the intent of the initiative is being carried out.

By Supervisor Hongisto, that letter be sent to the Civil Service Commission, inquiring whether the new powers and duties of Housing Inspectors, Classes 6270, 6272 and 6274, set forth in recent Administrative Code amendments require changes in job descriptions or adjustments in compensation, and whether these housing inspectors who have, in fact, been given police powers should receive special training.

By Supervisor Hongisto, that the Department of Public Works be requested to consider the unmarked intersection of 16th Avenue and Noriega Streets, and to provide information whether a Stop sign should be placed at either 16th Avenue or Noriega Street or whether the traffic hazard could be reduced or the traffic slowed in some other way.

Tuesday, February 22, 1983

By Supervisor Silver, that the City Attorney be asked to prepare appropriate legislation amending Ordinance 105-64, in time for hearings to be conducted on the subject of the cable television franchise by the Culture and Recreation Committee, (1) to require revision of the cable construction plan, which the Supervisor is informed is properly an amendment to the ordinance in that the legislation already prepared by the City Attorney simply says the Board consents to the revision in the cable construction plan and, as she reads the law, the Board is required to amend the plan; and (2) to require that the contractor (Viacom) develop and provide community video service as outlined in the report of the Telecommunications Committee.

Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Molinari, that the Journal of this meeting reflect that at last week's meeting when the Board considered the resolution in File 7-83-4, which would have disapproved certain abandonment of services on Municipal Railway lines, during debate he supported the route changes, he intended to vote "no" on the resolution before the Board and thus support the route changes, and that he strongly believes he did vote "no", although the records of the Clerk of the Board show him as voting "aye."

By Supervisors Kopp and Silver, that letters to be sent to City Attorney and District Attorney re invoking Penal Code Sections 3062 and 3063 in connection with parole of Dan White.

By Supervisor Hongisto, that letter be sent to DPW requesting that they investigate report that a hole in the one thousand block of Francisco Street is developing. Residents of that block contend that the street erosion is due to the routing of the 58 - Leavenworth bus along their street; if Department of Public Works concurs it should forward the information to Municipal Railway.

By Supervisor Nelder, that the City Attorney be requested to prepare legislation requiring all fast food establishments make available to their patrons restroom facilities.

By Supervisor Nelder, that the City Attorney be requested to prepare legislation requiring gas stations to make available to the public their restrooms at all times except in an emergency repair situation.

Monday, April 11, 1983

By Supervisor Hongisto, that a letter be sent to the budget analyst asking for his estimate of the value of a proposal to do a routine follow-up analysis of appropriations in excess of \$200,000 for new and expanded programs, equipment and capital improvements as well as professional services contracts. The analysis should seek to determine if such expenditures "lived up" to their proposed merits when funded and a cost-benefit analysis.

By Supervisor Britt, that a letter be sent to general manager of the Recreation and Park Department requesting information on the measure being taken to ensure safety at McLaren Park's lake area. (Check with Dana or Sharon for contents of letter.)

By Supervisor Nelder, that a letter be directed to General Manager of the Recreation and Park Department urging that some appropriate park area in or near McLaren Park be renamed in honor of Renard Chumley, whose unselfish heroism resulted in his death as he valiantly tried to save Jacqueline Faagau.

By Supervisor Nelder, that a letter be sent to Jeffrey Lee, Director of Public Works, inquiring if the schedule of the new recreation area in the Hall of Justice and the June 1984 completion date will be met.

By Supervisor Nelder, that a letter be directed to Police Chief Cornelius P. Murphy inquiring if funds have been allocated for more Solo-flex weight machines for use in the Hall of Justice.

By Supervisor Nelder, that a letter be directed to Jeffrey Lee, Director of Public Works urging an evaluation of the present heat controls on the 6th and 7th floors of the Hall of Justice, urging that consideration be given to providing a separate heating system designed for housing as opposed to the present system which is designed for offices used only 8 to 10 hours per day.

By Supervisor Nelder, that letters be sent to: General Manager of Recreation and Park Department, Roger Boas, Chief Administrative Officer and Jeff Lee, Director of Public Works, asking for review of the conditions around Lake Merced, pointing out that thousands of people use that area weekly for wholesome outdoor exercise and activities. Advise that the paths and tracks are unkempt and very dangerous in some area. It should further be determined estimated costs for possible improvements and a schedule for such improvements.

By Supervisor Nelder, that a letter be sent to the Mayor urging her to inquire of the PUC whether it is appropriate for the Commission to re-open the bidding for the Municipal Railway Transit Advertising Contract to local advertising firms which are qualified to perform the required services.

By Supervisor Walker, that a letter be sent to the Mayor and the Housing Authority inquiring whether any action to eradicate unhealthy living conditions at various public housing projects, including the Yerba Buena Plaza West, is intended in the near future. Also, inquire if there is a process whereby the Board of Supervisors may refer tenants' questions regarding living conditions directly to the Housing Authority.

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Walker, that Budget Analyst report to the Board in connection with contract negotiations currently underway with the Department of Social Services and Recreation Center for the Handicapped, on Department of Social Services contracts for fiscal years 1982/83 and 1983/84 with Recreation Center for the Handicapped, on any contracts current or pending which Recreation Center for the Handicapped has with other City departments including Recreation and Park, information to include total amounts that are part of the leases or contracts, what percentage those amounts are, and analysis of their management.

By Supervisor Nelder, that letter be sent to City Attorney asking that he review the 60 Minutes presentation on the Recall Election and San Francisco which aired on April 24, 1983, on Channel 5; inquiring as to whether this was a balanced and fair presentation of San Francisco as a city, to visit or live in, and requesting City Attorney to analyze whether any action can or should be instituted against 60 Minutes, CBS, or any individual, inasmuch as their representatives promised, in return for spending time discussing politics in San Francisco generally and the recall, a program which would be fair and balanced and not skewed to show San Francisco in a bad light in any way.

By Supervisor Nelder, that letters to be sent to the California Historical Society, the California Heritage Council, the City Librarian, and newspapers inquiring as whether they are aware of any groups which could be included in the "Historic Group Advisory Committee" category who meet the criteria of being in existence for 40 to 50 years in San Francisco and who are also significantly representative of San Francisco's history.

By Supervisor Nelder, that letters to be sent Mr. Jeffrey Lee, Director of Public Works and Cornelius Murphy, Chief of Police, inquiring as to why most of the emergency generators in police stations are powered by natural gas and whether any consideration has been given to converting to diesel.

By Supervisor Nelder, that letter to be sent Ms. Janet Pomeroy, Director of the Recreation Center for the Handicapped, urging that all efforts be expended to settle the dispute between management and employees represented by Local 535, avoid a strike, and consider the request for an outside arbitrator.

Monday, April 25, 1983

By Supervisor Silver, that City Attorney be requested to prepare appropriate legislation both as an ordinance and as a Charter amendment to cause prices on residential units in buildings of converted condominium units of 500 or more to be limited to the historical cost, (i.e.: the price paid for the units) less the depreciation claimed for federal tax purposes, plus cost-of-living increases for each year held.

By Supervisor Silver, that letters to be sent to Senator Milton Marks and Senator John Foran thanking them for their efforts regarding SB 259 on behalf of San Francisco.

By Supervisor Silver, that letter of inquiry to be sent to the Department of Public Works regarding the feasibility of placing a traffic signal on Geary Boulevard at either 26th or 27th Avenues to deal with the traffic problems facing the staff and parishioners of the Russian Orthodox Cathedral, "The Cathedral of the Holy Virgin". Letter to reflect that Supervisor Silver has no position on this matter. Copy of letter of inquiry and response from DPW to be sent to Archbishop Anthony and Mr. Victor Shikaloff.

By Supervisor Silver, that the Clerk prepare a rule change for the Board so that an item may be taken from the table and restored to the committee calendar without first having to have it placed on the Board calendar, and then re-referred to the appropriate committee.

By Supervisor Ward, that request the City Attorney prepare legislation to amend the Rent Stabilization Ordinance as follows: 1) restricting the granting of "pass throughs" to the Rent Stabilization Board (and removing the Real Estate Department from this process altogether); 2) specifying that such allowable "pass throughs" do not include routine maintenance and repair; and 3) specifying that when proposed "pass throughs" are of only cosmetic value, and when such "pass throughs" affect only individual housing units, then the tenant may be given the option of refusal. The landlord may appeal this refusal to the Rent Stabilization and Arbitration Board.

By Supervisor Ward, that letter of inquiry be sent to Emmett Condon, Fire Chief, San Francisco Fire Department to ascertain answers to the following questions:

- 1) How does the San Francisco Fire Department intend to score the physical examination for firefighters?
- 2) In the ladder beam lift event; wherein the 111 pound ladder is considered effective in determining the ability to lift a ladder in the line of duty, what is the necessity for an additional three lifts? Does the test determine brute strength or the potential to do the job of firefighter?
- 3) Have the Chief and Commission consulted other major cities which have women active in their Fire Departments? How did they test and score? Are the women performing well in the firefighting service?
- 4) Will the women who have taken the physical agility exam be scored along with men, or in a separate scoring to compare

Monday, April 25, 1983

Copies of letter to be sent to members of the San Francisco Fire Commission, members of the San Francisco Civil Service Commission and to her Honor the Mayor.

By Supervisors Maher, Silver, Ward, that letter of inquiry to be sent to the Executive Director of the Rent Stabilization Board, inquiring as to his opinion about whether the provisions of the Rent Ordinance are adequate to protect tenants from evictions and rent increases during the 1984 Democratic Convention, and whether the Director plans to conduct any pro-active activity to protect tenants in the immediate vicinity of the Convention Center or Hilton Hotel from evictions or illegal rent increases during the time of the Convention.

Supervisor Molinari Excused from Attendance
at May 9, 1983 Board Meeting

Supervisor Molinari announced that Mayor Feinstein had designated him to serve as Acting Mayor on Monday, May 9, 1983, and had requested that he testify as Acting Mayor, in Sacramento on that date in opposition to SB 259, the Mello Bill. The Supervisor therefore requested permission to be excused from attendance at the May 9, 1983 meeting of the Board.

Supervisor Renne, seconded by Supervisor Kennedy, moved to excuse Supervisor Molinari from attendance at said meeting.

Motion adopted by the following vote:

Ayes: Supervisors Britt, Hongisto, Kennedy, Kopp, Maher, Molinari, Nelder, Renne, Silver, Walker, Ward - 11.

Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Nelder, that City Attorney be requested to render an opinion on the legality of enacting legislation to require at least 50% of the jobs in City hotels or other businesses to be held by San Francisco residents, and to request that such legislation be prepared by him should it be legal.

By Supervisors Nelder and Britt, that City Attorney be requested to prepare legislation requiring all construction projects funded in whole or in part by City funds, or by funds the City has the authority to administer, to be performed by a work force consisting of at least 50% of bona fide residents of the City.

By Supervisor Nelder, that City Attorney be requested to prepare legislation which would provide an exemption from the Payroll Expense Tax for any monies paid to an employee who is a resident of San Francisco.

Monday, May 2, 1983

By Supervisor Nelder, that letter be sent to the General Manager of the Water Department, inquiring:

1. why one employee was allowed to go off of sick leave after his heart attack and onto vacation pay so as not to use up his accumulated sick pay?
2. why a fairly new valve which cost the City \$65,000 is leaking approximately 500,000 gallons of water a day at Crystal Springs?
3. why chlorine containers are on the premises at Crystal Springs?
4. why on February 2 and 10, 1983 a relief engineer was not called to cover for an employee who was unable to be at his post?
5. why certain employees are required to bring a doctor's certificate even if they are only out one day and others are not?
6. why employees have been requested to make out their time cards a month in advance?

By Supervisor Britt, joined by Supervisors Molinari, Silver, Maher, Hongisto and Renne, that letter be sent to the U.S. Attorney requesting that he explore the possibility of prosecuting Dan White for violating the civil rights of George Moscone and Harvey Milk as a result of their assassinations.

By Supervisor Britt, joined by Supervisors Silver, Hongisto and Maher, that letter be sent to the Ballot Simplification Committee requesting that it review language in the voter handbook with regard to absentee voting, to determine whether, consistent with state law, it might be appropriate for voters to be advised they can request absentee ballots by mail not only when they are unable to get to the polls because of disability or absence from the city, but as a matter of convenience or personal preference.

By Supervisor Maher, that letter be sent to the City Attorney, asking him to request from the State Legislative Counsel an opinion as to the ability of this Board of Supervisors to enact legislation on the subject of refundability of residential rental security deposits (i.e., to enact a ban on all non-refundable security deposits), covered under Section 1950 of the Civil Code.

By Supervisor Renne, that a letter of congratulations be sent to the San Francisco Symphony Softball Team for beating the New York Symphony Softball Team.

By Supervisor Silver, that letter be sent to the Municipal Court to determine what can be done to alleviate the problem of people trying to get through by telephone lines to obtain information on traffic citations.

By Supervisor Silver, that copy of a communication from Mr. Gordon Y. Yamamoto, concerning the public nuisance being created by various programs for food offered by Glide Memorial Church, be transmitted to the Glide Memorial Church and the Department of Social Services for response and information as to their plans for mitigation of the problem.

Monday, May 2, 1983

By Supervisor Silver, request City Attorney to prepare in proper form, skeletal Charter amendment amending the Charter to limit prices on condominium conversions to historical cost less depreciation plus 7% per year, with sales to moderate and low income tenants.

By Supervisor Silver, request City Attorney to draft a proposed Charter amendment for her subsequent introduction in Board, to include the current condominium conversion ordinance as a part of the Charter of the City and County. The Supervisor requested that the City Attorney provide her with an opinion as to whether, under the home rule provisions of the Constitution, such Charter provisions, if enacted, could be used to mitigate the provisions of the Mello Bill.

By Supervisor Walker, that letter be sent to (1) the Police Department inquiring into the practice of using parking citations which reflect fines in effect prior to their reduction earlier this year; and (2) the City Attorney, requesting information as to which fines the people are responsible for paying and whether it is the responsibility of the City to make refunds for any overpayments resulting therefrom.

Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

Monday, May 9, 1983

By Supervisors Hongisto and Silver, that letter be sent to the General Manager of the Department of Social Services, inquiring into the Department's contracts with residential hotels for General Assistance and presumptive General Assistance recipients, and requesting response to the following questions:

How are the hotels chosen? Are bids requested and accepted? Is there a written contract with the hotels which are chosen? Does the hotel owner make any set of guarantees as to staffing patterns? What is the cash value of a General Assistance voucher? Does the Department seek the guidance of the Bureau of Building Inspection's Housing Inspection Division when evaluating hotels? Are Department of Social Services clients to be housed in single rooms or in two-bed rooms with strangers? Does the Department have a policy regarding placing people in rooms with strangers?

Supervisor Silver requested that the letter include the fact that representations by the Department of Social Services at meetings with the Supervisor, residential hotel owners, tenants and tenant organizations concerning preservation of residential hotel housing in the Tenderloin were informative, but that answers to the specific questions outlined above would be helpful so that they can be fully discussed in committee and at the Board.

By Supervisor Kennedy, that letter of inquiry be sent to the Department of Public Works to determine the need for the no parking regulations along McAllister Street, between Gough and Laguna Streets, between 4:00 p.m. and 6:00 p.m.

By Supervisor Kennedy, that letter of inquiry be sent to the appropriate department to determine why the bus stop at Garden Sullivan Hospital, located at 2750 Geary Boulevard, was eliminated, where the nearest bus stop is located and whether it meets the need of patients and employees of the hospital.

By Supervisor Maher, that the City Attorney be requested to prepare a Charter amendment which would increase the stipend for members of the Board of Education and the Community College Board from \$100 a month to \$500 a month.

By Supervisor Nelder, that letter be sent to the Federal Energy Regulatory Commission, recognizing the interest expressed by certain water districts who are doing preparatory work on the Clavey-Ward Ferry Project and indicating San Francisco's vital interest in maintaining the environment of those areas as well as the integrity of the ecological system, and requesting that no permits other than those for preparatory studies be issued.

By Supervisor Silver, that draft ordinance amending the City Planning Code, introduced as a proposed amendment of the whole under File 93-82-3.2, be referred to the City Attorney for preparation and approval as to form, and to the City Planning Commission with the request that the Commission consider it, together with the legislation it would propose to amend, at its June 2, 1983 meeting.

By Supervisor Walker, that the City Attorney be requested to prepare a Charter amendment to require approval by the Board of Supervisors of any departmental contract expenditures in excess of \$1 million or extending beyond a period of one year.

Monday, May 9, 1983

By Supervisor Ward, that letter be sent to the Director of Public Health concerning heating and electrical problems at the City Clinic on 7th Street, noting that the Supervisor has received complaints from physicians and patients alike concerning the problems.

By Supervisor Ward, that letter of inquiry be sent to the Mayor, the Director of the Mayor's Office of Community Development and the City Attorney to determine (1) when OCD began to require a deed of trust in order to release funds for capital improvements, (2) when the requirement was extended to cover capital improvements in neighborhood community centers, (3) how many deeds of trust OCD currently holds and requesting copies of those, and (4) specific proposals on any and all appeal processes in the event that OCD would determine the agency in default. The Supervisor further requested that copies of all current deeds of trust and documentation of any HUD directives responsible for this policy be obtained, and that all parties be strongly urged to seriously consider formulation of alternative means by which community groups and others can provide for security of public funds.

By Supervisor Kennedy, that letter of inquiry be sent to the Director of the Airport to determine what can be done to improve sanitary conditions of restrooms being used by taxicab drivers, noting that it has been brought to the Supervisor's attention that restrooms are often found in an unsanitary state, with no running water.

By Supervisor Kennedy, that the City Attorney be requested to draft legislation enacting a moratorium on the approval of permits for the establishment of any additional auto parts or auto repair shops on Ocean Avenue, from Mission Street to Junipero Serra Boulevard, until the Department of City Planning has completed its study regarding neighborhood commercial areas.

By Supervisor Nelder, that the City Attorney be requested to prepare legislation amending Section 64 of the Police Code, which delineates exceptions to obstructions on regulated streets and sidewalks, to include the display of fruits and vegetables in front of grocery stores and other displays by store owners or store operators.

By Supervisor Walker, that draft ordinance establishing procedures and requirements for a citizens advisory committee for large scale development project requiring development agreements be referred to the City Attorney for review, preparation in and approval as to form.

The Clerk presented the following communication from her Honor, the Mayor:

May 23, 1983

Hon. Wendy Nelder, President
and Members of the Board of Supervisors
Legislative Chambers
City Hall

Monday, May 23, 1983

Dear Supervisor Nelder:

File 101-82-233 on your calendar today is an appropriation of \$252,469 for capital improvements at the Sunset Day Treatment Mental Health Center, District V.

I have been informed that the cost of work to be performed at the Center will exceed the amount made available by this appropriation and I believe, therefore, that the amount should be adjusted to meet the actual need. In order to proceed as quickly as possible with this work, I ask that you amend the request to add the \$61,861 now deemed necessary. This will save us the delay attendant to reintroducing the supplemental or processing a second form for the difference.

I believe the work is necessary at District V and I ask that you take this route to make sufficient funds available in the shortest period of time.

Warmest regards.

Sincerely,

/s/
Dianne Feinstein
Mayor

Noted and filed.
